**Supervisor Agreement Form - Fourth Year Projects**

This form is to be used by new students who are studying full-time, or by part-time students who are currently completing the first year of their fourth year (that is, PSYC401H). It is not for students entering their first year of part-time study.

Progression into PSYC402H (Honours – research project) requires that all students who have been accepted into the program gain the written agreement of a member of the Psychology academic staff of the UNE to supervise the topic of their research report.

This form is to ensure that both staff and students agree on supervision arrangements for their research project. You need to complete the form and ensure you also have your supervisor's signature before it is sent to me. Do not send it to your supervisor without telling them in advance. Provided your supervisor agrees, please sign the form and then send it to the supervisor with a request that they countersign it and then pass on to the Fourth Year Coordinator.
