CAR PARKING POLICY

(PRE – DRAFT)

PREAMBLE

St. Albert's College is an independent Catholic College that is affiliated to The University of New England and is located on land leased from the university. The College was established to:

1. Enhance the personal development and academic development of the individual.
2. Foster excellence in all university activities.
3. Promote Christian values in a Catholic environment.
4. Foster independence of thought and service to the community.
5. Provide a range of high quality accommodation, and associated facilities and services at optimal cost, to meet the needs of its residents.

As an independent College, St. Albert's has decided not to participate in UNE's Traffic and Parking Policy. The College car parks are therefore not part of the university's "Restricted Parking Area" and are considered as "Private Property."

The responsibility for the control and supervision of the College car parks lies with St. Albert's College.

Unfortunately parking space at the College is very limited, with approximately 100 parking spaces for almost 350 Residents and staff.
