

## From The Editor

I hope that everyone's well and truly settled in now and enjoying the year so far. If you want to be involved in the going-on's around college, don't hesitate to see the individual coordinators. There are still places open in the Chorus in the Musical, on various Sporting Teams and in SFK Events.

Also, have you taken any good pictures at College Functions or Events? If you have any now, or throughout the year, please give them to me, or arrange for me to get them. You never know, they may end up in Iskra!

Hope you all have a good week!
