Fire Alarms

Fire Alarms are easily triggered. They are situated inside each of your rooms and the kitchenette and common room on each floor. Take note of the fire evacuation procedures which is on the back of each door. You must leave the buildings and assemble on the grassed area across the road out the front of college when the fire alarms go off. Also, note that there is a hefty fine for setting off the fire alarms, so be careful not to set one off.
