

Date	Speaker	Affiliation	Topic
24-Feb-11	Jo Lenehan	SERS, Eco Man	<i>Ecological Impacts of Feral horses in Grassy Woodland and Open-Forest Gorge Country in a Temperate–Subtropical Wilderness</i>
3-Mar-11	Sangay Dorji	SERS, Eco Man	<i>How does the red panda fit into ecosystem management and promotion of Gross National Happiness in the Himalayan kingdom of Bhutan</i>
10-Mar-11	Michael Drielsma	NSW DECCW	<i>Modeling habitat connectivity</i>
17-Mar-11	Isa Yunusa	SERS, AGSS	<i>Land-use change and implication for local water resources: an example with waste disposal site in northwest Sydney</i>
24-Mar-11	Steve Chivers	SERS, Eco Man	<i>Using biodiversity indicators at the plot-scale to assess ecological integrity in fragmented landscapes in NSW.</i>
31-Mar-11	Carmel Flint	National Parks Association	<i>More than just a food bowl: The impacts of open-cut coal mining on community and environment, a case study from Maules Creek near Narrabri</i>
7-Apr-11	Karl Vernes	SERS, Eco Man	<i>Using remote camera videography to assess truffle resource use by mycophagous mammals: preliminary data from Australia and Canada</i>
5-May-11	Phoebe Barnes	SERS, AGSS	<i>The influence of scattered trees in heterogeneous pastures across a temperate landscape.</i>
12-May-11	Matt Tighe	SERS	<i>Micro-CT Scanner - Techniques and Applications</i>
19-May-11	Prof. Oscar Cacho	BEPP	<i>Allocating resources in time and space to manage invasive species; an interdisciplinary approach.</i>
26-May-11	Brian Wilson	SERS	<i>Can soil carbon storage save the world?</i>
2-Jun-11	Prof. John Wallace	Millersville University, PA	TBA
9-Jun-11	Prof. Martin Thoms	BCSS Geoplan	<i>The influence of water resource development and climate variability on floodplain functioning</i>
