

Plan a teamwork activity suitable for both internal and external students for your own unit by answering the following questions

1. What are the objectives for the activity?
 - Content
 - Team processes
2. Do these fit with existing unit objectives and tasks?
3. Describe main aspects of activity (task, sub-tasks, team size, timeframe, online, in class, residential school, relevance to future activities etc)
4. What instructions or teaching activities will be provided for students on process (eg rules, team dynamics, communication styles, conflict resolution etc)?
5. How will you assess content?
6. How will you assess process?
7. What factors might limit the effectiveness of the activity?
8. How might these be addressed?
