

Transitional Head of School, Science and Technology

Dear Colleagues

I wish to advise that Professor Ken Watson has been appointed as the Transitional Head of the School of Science and Technology effective from Monday 29 October 2007. Professor Watson replaces Professor A S M Sajeev. All Transitional Heads are on three month contracts pending the appointment of the new Heads.

I would like to take this opportunity to thank Professor Sajeev for taking on the role of Transitional Head and for his efforts in that role.

It is anticipated that advertisements for the new Heads of Schools will appear in the national media on Saturday 3 November. I will be sending a further email to all staff in this regard in the next day or so.

Yours sincerely

Alan Pettigrew
