## **Message from the SRF**

Hi everyone, Welcome to Robb College. My name is Lynese Welsh and I'm in my final year doing a postgraduate diploma in Agricultural Economics and Rural Policy Development. O week was a blast and I would like to thank and congratulate everybody on their efforts so far, theirs been some highs and some very lows but all in all its been a hoot. Remember we have a great support network here at Robb so use them, all contact information on the support networks can be found in RAGE or I can be found in North Court (the premier court) 106A.

I look forward to having a great year.

## **Marching for a belief**

To all Robb students who marched on Monday, your walk up the hill was a great success as the University Council unanimously agreed to defer privatizing UNE Colleges. The Chancellor of UNE John Cassidy stated, "The tradition and passions associated with staff, alumni, students and members of the community will be taken into consideration in achieving the best outcome for the University's colleges and UNE".

Well done everybody. As you can see marching for something you believe in can make a difference. Other options for the colleges will now be considered with input from you all.

## **North Court News**

Welcome to another year at Robb College. My name is Toby Seccombe and I am in my third year of a Rural Science degree. I hail from Casino, the beef capital of Australia. We have a packed year ahead of us so to all the fresher's get in and have a go and show why North Court is always on top and why Robb is the place to be.

## **West Court News**

G'day everyone and welcome for another big year at Robb College. My name Andrew Kollington and I am in my final year of an Arts/Law degree. I come from the moustache capital of Australia - Bondi. I sleep in West Court and am always up for a yarn, my door is open to everyone except, if I am hibernating from the previous night's shenanigans with all of you. To everyone new and old at Robb this year; Robb is famous for having a go, you get out what you put in, and Robb can give you so much! So grab your mates and put your hand up and show why Robb College is the premier College.

## **South Court News**

Welcome all the new freshers and returning students to the glorious South Court the number one court in New England's premier college. Firstly I would like to thank all the new students for getting in and having a go over O week which made it a ball. I would just now like to highlight some of my favourite moments over the last two weeks.

- The bird with the large beak and brown flying through bottom south.
- Meat Stew we had after fresher match
- Chisholms favourite meal is now Schnitzel
- The Robb College titans the Teradactycl and the human torch battling for some female companionship
- JP and his fishing adventures
- Jonos new model Ford waking the neighbours when all he wanted was to drive the truck
- Grub

So I hope that everyone has a cracker rest of the year and you only get out what you put in.

Well done to everybody on their behavior at the academic dinner on Tuesday it was lovely to see everybody all dressed up having a great time. Congratulations to Sarah Sanderson, Gemma Moody, James Hume and Thomas Cleaver on receiving their Scholarships. Please remember to be courteous when people are speaking or performing at the dinners, we need to appreciate the effort that they have put into the night.

## Fresher Match

The Rugby season began with the annual grudge match against St Smalbies. Unfortunately the fresher boys came in second on the day. It was a good hard hit out and thank you to all the boys who had a go. Hopefully we will get them next time.
