## **Fish -arama**

**If anyone believed the punkarama article last week they would expect this article to state that half the university was caught up in the fast moving fishing action at Blue Hole last Friday.**

Certainly it was a much bigger and better attended event with 30 + people turning out for a fun evening of fishin' swimmin' bbqin' and coleslaw consumin'.

Honourable mentions for fisharama go to Alex Smith- winner of the hand reel casting competition, and Computer Jimmy winner of the coleslaw eating competition.

## **Robb Rugby**

Robb fielded 2 sides for the first hit-out for the season. Both sides performed well considering the number of players for both teams. Day One saw Robb1 going down to eventual winners St Pats, and to Walcha 14-0. With Walcha being aided with the

services of former Wallaby Sam Payne. Day 2 saw Robb in the Cup division, due to loses on the first day. We beat Singleton2 10-0, and Albies2 24-0, to claim the cup. We done to everyone who participated, especially to Chucky, Franky and Drew after a massive outing in Newcastle on Saturday.
