Signature		Date received	
-----------	--	---------------	--

Please submit to **Faculty of The Sciences Administration Office** after answering the following questions **(PTO)**.

**Please complete the following Questions**

**1) Describe the business/institution/organization/course that you have worked for/completed. What are its objectives?**

**2) What were your responsibilities/activities during your time working for this business/institution/organization/course.**

**3) Identify the main 3-4 agricultural/environmental issues that were highlighted during your work experience. What unit, of those you have completed, was the most relevant to helping you understand what you were doing? Explain why?**

**BOARD OF STUDIES OF RURAL SCIENCE AND AGRICULTURE**

**BACHELOR OF AGRICULTURE**

**EXTENDED REPORT FOR SELECTED PROPERTY/BUSINESS**

*In a maximum of 1500 words (including diagrams and tables) please answer the following questions. This is to be submitted with ONE claim form only by the end of candidature.*

**1) Provide a summary of the main characteristics of the region that contribute to the success or limits property/business productivity (eg climate, topography, vegetation, services, transport etc.)**

**2) Identify the main resources used by the property/business and identify the resources that are most limiting to the business and why.**

**3) Identify the main activities of the property /business and discuss their relative importance**

**4) Describe the main managerial characteristics of the business including objectives, company structure, decision making processes, calendar of events, benchmarking measurements etc.**

**5) Outline how you believe the property/business could be improved. Indicate the processes that would be necessary to make an assessment of this proposal before it could be initiated.**
