You will need to complete Sections 1, 2, 3, 5, 7 and 8 for all proposals.

In Section 1, your answers to questions 1.3 and 1.4 determine which sub-sections of Section 4 and/or Section 6 you will need to complete, if any. For example, if you indicate at question 1.3 that your research proposal involves ‘Genetic testing/research’, you will need to answer the additional project questions in sub-section 4.7. Similarly, if you indicate at question 1.4 that the participants of your research proposal include ‘Children and/or young people (ie. <18 years)’, you will need to answer the additional participant questions in sub-section 6.2.

If your research proposal does not involve any of the types of research listed in question 1.3 or any of the types of participants listed in question 1.4, you will not need to answer any questions in sections 4 or 6.
