

Poster Guidelines

A poster presentation is the presentation of your research information at the UNE postgrad conference with an academic or professional focus. Below are the guidelines for your Poster Presentation:

The recommended total maximum **size** for the poster is **A1 (59.4cm x 84.1 cm)**. Your poster **MUST** be bigger than A3 paper size.

The **Orientation** and **configuration** of your poster are up to you. It can be either portrait or landscape but **MUST** be A1 in size.

Please bring your **printed poster** to the conference venue ready for display in the foyer of the UNE Business school building. Arrive early to set up your poster, as it will be your responsibility. There will be a People's Choice award for the best poster.

A **digital copy** of your poster should be emailed to unepgconference@une.edu.au by Wednesday 9th January 2019. This can be just a picture of your poster.

Your poster **MUST** include;

Your full name,

The Title of your presentation; and must be

Readable from a distance of 1 metre.

When designing your poster below are a few things to consider:

When **using colour**, avoid using colour or patterns that are hard to read. Use colour mainly to highlight important elements.

Think about the use of white space (the areas not covered in text or images). Where are the reader's eyes drawn to?

Font type and size; use no more than three different font sizes; the largest for the poster title, second-largest for section titles, and smallest for text (usually 24-point font).

Is your poster **clear, concise** and **logical**? Avoid clutter.

Printing your poster can be done at UNE Print Room on the ground floor of the ITD building C34. For posters to be ready COB Monday 14th January it would be advisable to meet the deadline of 4pm Wednesday 9th January 2019.

Contact the Print Room on 6771 2420 or email printroom@iinet.com.au

To assist you with designing your poster here is a helpful guide on the use of colour, textboxes, use of font and tips on poster layout.
