

Specific Requirements for Professional Experience EDEC324: Leadership in Early Childhood: PrEx 5 days

Leadership Placement

In addition to some of the generic PrEx requirements noted in the General Early Childhood Teacher Education PREX Handbook, this unit has a number of specific requirements. Record your responses in your specific EDEC324 *Evidence Log* and *Leadership Portfolio*.

Timeline for professional experience	Tasks
Introduction	<p>This Professional Experience is designed to provide opportunities for you to build on previous work experiences and gain further insights into leadership and management of early childhood services, from a whole centre perspective. This professional experience is adult-oriented, rather than focussing on teaching and learning directly with children. At the completion of this professional experience, you are expected to have developed deeper personal and professional qualities that will equip you to be a more effective educational leader. This professional experience focuses on the multi-functional nature of leaders and leadership in the early childhood profession. Underpinning this professional experience is the promotion of collaboration, shared decision-making and communication between teacher education students and early childhood services.</p> <p>You are expected to both shadow and work alongside a director/leader/coordinator/leader-manager, referred to as the leader. The leader cannot be a room leader or a family day care educator working in their own home.</p> <p>The experiences will include a variety of responsibilities, reflective of the tasks of an assistant leader. You will be actively involved with your leader, rather than just a passive ‘shadower’. Work plans will be negotiated prior to day one (see 2.1 below) and as an ongoing working document during the five days of professional experience.</p> <p>Early planning: Be sure all professional experience (PE) forms and arrangements are organised by the start of Week 4 (at the latest) of the trimester. This timeline will help you to understand leadership styles and theories prior to undertaking your professional experience. For fuller details refer to the assignments in the EDEC324 Moodle site.</p>
Professional experience leadership portfolio	<p>Your portfolio includes your Evidence Log and your Reflective Journal.</p> <p>Information contained in this portfolio will form part of the documentation used to substantiate you have met the relevant EDEC324 Learning Outcomes and ACECQA Criteria. The leadership portfolio will include documentation of</p>

	<p>workplace goals, work plan, leading, managing and administering tasks and daily work with your selected leader.</p> <p>You may like to complete a situational analysis of the centre. This will also assist in completing assignment one. Add this to your portfolio.</p> <p>The <i>Professional Experience Leadership Portfolio</i> is not submitted to the University's School of Education Office for Professional Learning nor to the unit coordinator.</p>
<p>TASK: Design and plan your Professional Experience goals and work plan</p>	<p>Negotiate two or three personal leadership goals.</p> <p>Design a work plan outlining the duties you plan to undertake during the placement. This work plan is a guide as it is recognised that implementation of the work plan may vary during the week; thus, the plan may need to change depending on what is occurring.</p> <p>Please be aware your supervisor will be asked to view your work plan and comment on your progress towards the goals and tasks in the student assessment report. Some potential tasks could be:</p> <ul style="list-style-type: none"> • Work collaboratively with the leader and other staff to identify policies that have not been addressed or require updating. Draft or update one of the identified policies. • Work collaboratively with the leader in the establishment or updating a student/casual/volunteer handbook. • Assisting with various administrative and management duties while being the leader's shadow. • Develop and present a staff professional learning session relevant to staff needs and interests. <p>NOTE: This is a sampling list only; some examples of previous teacher education students' task lists and work plans are displayed later in this booklet.</p> <p>2.1.2 Create an Introductory Poster that briefly reflects your professional self for displaying at the service.</p>
<p>TASK: Implement and reflect on your work plan and goals</p>	<p>Implement your work plan, aiming to achieve your goals.</p> <p>Note when, where, why and how work plan tasks over the five days are completed or changed.</p> <p>Complete the <i>Daily Self-Evaluation</i> proforma (over the page) each day.</p> <p>On the last day of professional experience, discuss how your goals have or have not been met with your leader. This reflection will support your work for assignment two.</p>

TASK: Regularly share and discuss	<p>Meet with your supervising leader about your <i>Final Report</i> and ask about any areas of strength or improvement you may have or need to address in future professional experience placements.</p> <p>Review your Final Report with your supervising teacher. Ensure the report includes the date and signatures of both you and your supervisor, before submitting to the OPL at the completion of the placement.</p> <p><i>The Professional Experience Report must be completed by the final day of the professional experience placement and emailed to the Office for Professional Learning oplreports@une.edu.au.</i></p>

A daily self-evaluation of my leadership/management/administration events, tasks and meanings

Complete this page at the end of each day also, have some discussion with your Supervising Leader as you record ideas, feelings, and such here.

My name is.....	Date: (create a sheet for each day)
<p>What were the leadership qualities I displayed today? (Link to your goals and work plan)</p> <p>What worked well?</p> <p>What did these events mean to me?</p>	
<p>What were my challenges in completing tasks today? Why?</p> <p>What would I recommend be changed in the future?</p> <p>What are my related values and beliefs?</p>	
<p>What are the implications of this evaluation for me for tomorrow?</p> <p>Am I meeting the EDEC324 Learning Outcomes, ACECQA criteria and my professional goals?</p> <p>Where to from here (leading, managing, administering meanings into the future for me?)</p> <p>My goals...</p> <p>My work plan</p>	

Sample documentation ideas...

1. Sample personal/professional leadership-management goals

My goals are:

Hint: Be sure that your 2-3 goals are consistent with and build upon EDEC324 Learning Outcomes relevant for this Professional Experience and ACECQA Criteria, as outlined at the beginning of this section and on your Professional Experience Interim and Final Report:

1. To gain better skills at organising and prioritising workloads.
2. To gain and enhance my knowledge in identifying the different leadership styles in practice.
3. To observe and practice role delegation and team work.
4. To enhance communication skills to express myself in a more confident professional manner with staff and families.
5. To gain knowledge and insight into administration aspects of managing an early learning centre.
6. To work collaboratively with the leader and gain insight into the leadership role of a Leader.
7. To become more capable and confident in organising time, priorities and staff.
8. Develop understanding of the elements of leadership as a Children's Services coordinator in a local council context.
9. To update my knowledge and understanding of legal documents, including: National Law; *Belonging, Being and Becoming, The Early Years Learning Framework for Australia*; and NQS.
10. To have a further in-depth insight into management roles and responsibilities, therefore recognising and identifying various leadership styles in the workplace.
11. To build confidence and understanding of policies, subsequently considering further implementation of policies into practice.
12. To work towards improving my leadership styles and management abilities further in hope to become a non-teaching leader in the future.
13. To be a proactive member of the service, under the guidance of the Leader.
14. To examine the strategies used by management in decision making.

2. Samples of Work plans
