

## **Geographers Declare Action Workshop.**

This workshop is an interactive session to 'action' the 'Climate and Biodiversity Emergency Declaration by Geographers in Australia' launched at the IAG/NZGS conference in Sydney in 2021.

<https://geographersdeclareau.blogspot.com/p/the-declaration.html>

It provides an opportunity to devise a plan of activities and actions to give life to the Declaration. What can you/we/the discipline/the academy/policy makers/practitioners do and how can we lead, enable, support, lobby and assist in making desirable change happen? (Wilkinson and Clement, 2021)
