

PrEx 3 - Overview

The following requirements are for the teacher education student and their supervisor. The supervisor will determine the requirements for the teacher education student from these guidelines based on the skills they demonstrate as the placement progresses.

This is the third professional experience placement in a UNE Initial Teacher Education degree. For this placement in a mainstream primary school classroom, the teacher education student will be required to engage fully in the school experience as well as plan and teach across all Key Learning Areas/subjects relevant to the *Australian Curriculum, Assessment and Reporting Authority* (ACARA), to the extent of the study they have completed thus far in their degree. By Weeks Three and Four of the placement, the minimum teaching load will build to 12 hours per week.

When a teacher education student experiences periods of non-teaching, this time can be negotiated for activities such as: immersion into other classes to gain a perspective of whole school teaching and learning; preparation; collection of data or resources; written reflection and self-evaluation or marking.

<i>Week 4</i>	<i>Independent planning and teaching of no less than hours per week, taking full responsibility for classroom organisation, students' learning and engagement.</i>

Fundamental Skills

Teacher education students across all UNE initial teacher education degrees must demonstrate a set of fundamental skills to indicate they possess the required aptitude for the teaching profession. This suite of skills has been derived from the Standard Descriptors in the [Australian Professional Standards for Teachers](#) and is considered to be fundamental to teaching. A teacher education student will strive to develop and move towards demonstrating all of these attributes before the completion of their teacher training. If a candidate cannot demonstrate one or more of the Fundamental Skills whilst undertaking a professional experience placement, they may be required to postpone their progression to the next level of teacher training until they have consolidated their skills:

- Demonstrates rapport with students and engages in activities to promote student learning (1.1.1, 2.4.1, 4.1.1)
- Presents and conducts themselves professionally and adheres to all school or setting administrative, legislative and/or organisational requirements (7.1.1, 7.2.1, 7.3.1)
- Exhibits knowledge of the Australian Professional Standards for Teachers and their application to teaching (6.1.1)
- Constructively receives feedback by demonstrating resilience and responsiveness to suggested areas for improvement from the supervising teacher, school staff, UNE representative and/or other relevant participants (6.3.1)
- Attends required professional learning activities, staying back as required, and uses relevant professional learning when planning for student work or when engaging with students (6.2.1, 6.4.1)
- Shows respect for student and staff from different backgrounds and abilities, including the promotion of respectful relationships with Aboriginal and Torres Strait Islanders (1.1.1, 1.6.1, 2.4.1)

Placement Requirements

All criteria specified below is only a guide as to the minimum requirements for the third placement. For a more comprehensive view of examples of teaching practice as markers of achievement against the Australian Professional Standards for Teachers, please refer to the PREX 3 column in the Standards Assessment Continuum on UNE's website.

Numbers appearing at the end of some points link Requirements for this placement to the related Standard Descriptors in the Australian Professional Standards for Teachers.

Supervising teachers and teacher education students may increase the load as teaching confidence or ability develops throughout the placement.

Should you have any questions, please contact the OPL through AskUNE or phone 02 6773 3898.

Prior to the placement

For handy hints about starting placement, teacher education students visit the Pre-Placement tile in the PREXUS.

- Teacher Education Student to set up a meeting by phone, email or face-to-face to discuss with the supervising teacher how best to prepare for the scheduled placement* (e.g. What topics/units of work will be covered during the placement? What resources should be used? Are there any specific students' needs such as a student with a disability? What is the dress code for staff? What is the timetable for the week?). **(1.6.1)**
- Complete and discuss the **Pre-Placement Goal Setting Form. (3.1.1)**
- Ensure the supervisor has received the email containing the professional experience documents.
- The teacher education student will continue using the Professional Experience Folder to take with them on this placement. As with previous placements, this folder will be used to gather resources such as hard copies of lesson plan examples, administrative letters, lesson plan/program templates, written reflections, lesson evaluation sheets, formal feedback and copies of student work samples (in line with Privacy laws). These samples will be key for portfolios. **(3.4.1)**
- The teacher education student will negotiate a mutually suitable time with the supervising teacher for each of the four weeks, to participate in a **Progress Guide — Weekly Review (for weeks one, two and three)** and the **Post-Placement Goal Setting Form (final week)**. It is essential that meetings take place every week in order to provide both the teacher education student and the supervising teacher with a set time to discuss their progress to date. Should either parties have concerns, please remember to contact the OPL immediately. Written feedback from the **Progress Guide — Weekly Review** does **not** need to be submitted to the OPL unless concerns are raised regarding the placement. Concerns can be raised at any time throughout the placement using the **Progress Guide — Assistance Request Form. (3.1.1)**
