# UNIVERSITY OF NEW ENGLAND (UNE)

## Why study at UNE?

UNE has over 22,000 enrolled students with the majority studying their course online. There are over 4,500 students that study on the University's traditional Armidale campus, including over 1,300 international students from over 70 different countries. Visit [my.une.edu.au/courses](https://my.une.edu.au/courses) for specific course information.

## Location

UNE is located in Armidale on the Northern Tablelands of New South Wales, Australia. Armidale is a small, cosmopolitan city located in a picturesque rural setting surrounded by spectacular waterfalls, gorges, world-heritage national parks, cool-climate vineyards and diverse cultural heritage.

## 2018 International Student Barometer Results

The International Student Barometer results for 2018 show that UNE has achieved an overall satisfaction in:

<b>Learning</b>	<b>91.3%</b>	<b>#1</b> in the Australian ISB
<b>Living</b>	<b>86.0%</b>	<b>#5</b> in the Australian ISB
<b>Support</b>	<b>93.7%</b>	<b>#2</b> in the Australian ISB
<b>Arrival</b>	<b>85.6%</b>	<b>#5</b> in the Australian ISB

\*Percentage indicated is the overall average score, rankings are from the Regional Universities Network (RUN).

Standout results are in the categories of **technology, expert teachers, social facilities, the on arrival welcome, sporting facilities, the library, and research**. UNE is ranked either **1 or 2 in Australia** in these areas and many others.

## 2019 Good Universities Guide

For the 13th year in a row, the University of New England (UNE) has earned the top five-star rating from the Good Universities Guide for the quality of our student experience. In related rankings, GUG ranked UNE as the State's top university for Student Support and Teaching Quality. UNE's graduates also have the State's highest starting salary upon entering the workforce, and the University has the highest proportion of "first in family" commencements.

## Online University Rankings List

Online Study Australia has ranked UNE number one in their national list of Australia's best online universities.

UNE also ranked in the top three for our **Arts, Business, Education, Law, and Science courses** specifically.

## Excellence in Research for Australia (ERA)

ERA is a comprehensive evaluation of all research produced in Australian universities. It is administered by the Australian Research Council (ARC) approximately every three years. ERA rankings are informed by a range of quality indicators, such as citation impact and expert peer review.

A complete list of UNE's results is available from the ARC website.  
**<http://www.arc.gov.au/era-outcomes#Institution/UNE>**

### Complete 3 of the following Listed Units (18cps) with at least (6cps) at 300 level:

Banking and Finance, Introductory Econometrics, Benefit-Cost Analysis, Environmental and Natural Resource Economics, Economics of Development, Economic Change and Urban Development.

Students must complete either a second Major and Elective Units to the value of 24 credit points OR Elective Units to the value of 60 credit points including at least 12 credit points at 300-level.

#### *Economic Development*

### Complete 6 of the following Units with at least 24 credit points at 300 level (36cps):

Banking and Finance, The International Economy, International Trade and Finance, International Political Economy, Benefit-Cost Analysis, The Elephant and the Dragon: India and China in the Asian Century, Employment Relations, Introductory Econometrics, Economics of Development.

Students must complete either a second Major and Elective Units to the value of 24 credit points OR Elective Units to the value of 60 credit points including at least 12 credit points at 300-level.

#### *Environmental Analysis and Policy*

### Complete 6 of the following Listed Units with at least 24 credit points at 300 level (36cps):

Farm and Resource Management, Benefit-Cost Analysis, Microeconomic Policy Evaluation, Environmental and Natural Resource Economics, Introduction to Bioeconomics, Economic Change and Urban Development, Climate Change and Future Planning, Rural Planning and Resource Management, Environmental Planning and Administration, Business Decision Making.

Students must complete either a second Major and Elective Units to the value of 24 credit points OR Elective Units to the value of 60 credit points including at least 12 credit points at 300-level.

### Combined Degrees

UNE also offers a number of combined degrees with the Bachelor of Economics.

COMBINED DEGREES	DURATION	CRICOS	2019 FEES
B. Business/ B. Economics	4 Years	055666C	\$26,250
B. Economics/ B. Laws	5 Years	012209F	\$26,250

### Graduate Diploma in Economics

<b>CRICOS</b>	006319F
<b>Duration</b>	1 year
<b>Commencement</b>	February, June
<b>2019 Annual Fee</b>	\$28,000

### Overview

This course provides a formal qualification in the field of economics for graduates with little, or no background in the discipline. It can also act as a refresher course in economics for those whose initial studies occurred some time ago. It is also a broadening course for those who wish to extend their knowledge of economics into areas not previously studied such as Economic Development, Economic Policy, Resource Economics or Advanced Economic Theory. It can also be used as a qualifying step towards higher studies, particularly the Master of Economics program.

### Minimum Entry Requirements

A candidate shall have fulfilled all of the requirements for admission to a degree; or qualification of equivalent standing, acceptable by the School on the advice of the Course Coordinator as sufficient qualification for admission to the course. Candidates must also meet the University's English Language Requirements for Admission.

### Course Outline

#### Complete the following Core Units (48cps):

Introductory Microeconomics, Introductory Macroeconomics, Quantitative Techniques for Management.

#### Complete 1 Major or the General Program (30cps):

Agricultural and Resource Economics, General Program.

# MASTERS

### Master of Laws (Coursework)

<b>CRICOS</b>	084919B
<b>Duration</b>	1.5 years
<b>Commencement</b>	February, June
<b>2019 Annual Fee</b>	\$26,250
<b>2020 Annual Fee</b>	\$28,216

### Overview

The Master of Laws is a coursework program designed for law graduates. Through an interdisciplinary approach, students will be able to broaden their knowledge and enhance their independent, critical thinking and research skills. The course will also enable students to achieve a high standard of professional writing and research relevant to current issues in law and practice. Students will have the opportunity to choose units of interest or specialise by undertaking units that form a major.

### Minimum Entry Requirements

A candidate shall hold an AQF Level 8 Bachelor of Law with Honours (or overseas equivalent) or AQF Level 7 Bachelor of Law (or overseas equivalent) with at least two years full-time, documented, relevant professional experience; or AQF Level 9 Masters qualification in Law (or overseas equivalent).

Applicants should note that the English Language Requirements for this course are higher than the Standard Minimum English Language Requirements.

### Course Outline

#### Complete the following Core Units (18cps):

Research Methodology and Theory, LLM Research Topic (12cps).

#### Complete 1 Major from the following Approved Majors (24cps):

Commercial, Crime and Criminal Justice, Health and Science, International, Natural Resource Governance.  
OR

#### Complete 5 of the following Units (30cps):

Australian Competition and Consumer Law, Contem-

porary Issues in Constitutional Law, Criminal Law and Theory, Securities and Financial Services Law, Taxation of Capital Gains, Comparative Corporate Governance Law, Issues in Employment Law, Principles of Evidence, Medical Ethics and Law, Global Law, Advanced Criminal Law, Criminal Process, Sentencing and Punishment, Civil Procedure, Law of the Sea, Intellectual Property Law, International Trade Law, Human Rights, Natural Resource Policy Risks, Governance of Natural Resources, Sustainability Strategies, Natural Resources, Relationships and Agreements, Managing Conflict Over Resources, Indigenous Natural Resource Issues and the Law, Rural Issues: Law and Policy, Human Rights Protection in Europe, European Union Law, Innovation Law, Biotechnology Law, Law and Neuroscience, Environmental Law, Contemporary Issues in Health Law, Banking and Finance Law, Animal Law, Law and Crisis: The Use of Emergency Powers, International Environmental Law, Natural Resources Law, Advanced Torts, Family Law, Information Technology Law, Commercial Law, International Arbitration, International Criminal Law

## Master of Laws (Coursework)

<b>CRICOS</b>	084919B
<b>Duration</b>	2 year
<b>Commencement</b>	February, June
<b>2019 Annual Fee</b>	\$26,250
<b>2020 Annual Fee</b>	\$28,216

## Overview

The two year Master of Laws by coursework is designed for international graduates who do not have a background in law. Through an interdisciplinary approach, students will be able to broaden their knowledge and enhance their independent, critical thinking and research skills. The course will also enable students to achieve a high standard of professional writing and research relevant to current issues in law and practice. Students will have the opportunity to choose units of interest or specialise by undertaking units that form a major.

## Minimum Entry Requirements

A candidate shall hold an AQF Level 7 Bachelor qualification (or overseas equivalent). Applicants should note that the English Language Requirements for this course are higher than the Standard Minimum English Language Requirements.

## Course Outline

### Complete the following Core Units (18cps):

Research Methodology and Theory, LLM Research Topic (12cps), Fundamentals of Australia's Common Law System.

Students who do not complete a Major must complete a total of 72 credit points from the Listed Units above with not more than 12 credit points at 100 Level and at least 24 credit points at 500 Level.

### Complete 1 Major from the following Approved Majors (24cps):

Commercial, Crime and Criminal Justice, Health and Science, International, Natural Resource Governance. OR

### Complete 5 of the following Units (30cps):

Australian Competition and Consumer Law, Contemporary Issues in Constitutional Law, Criminal Law and Theory, Securities and Financial Services Law, Taxation of Capital Gains, Comparative Corporate Governance Law, Issues in Employment Law, Principles of Evidence, Medical Ethics and Law, Global Law, Advanced Criminal Law, Criminal Process, Sentencing and Punishment, Civil Procedure, Law of the Sea, Intellectual Property Law, International Trade Law, Human Rights, Natural Resource Policy Risks, Governance of Natural Resources, Sustainability Strategies, Natural Resources, Relationships and Agreements, Managing Conflict Over Resources, Indigenous Natural Resource Issues and the Law, Rural Issues: Law and Policy, Human Rights Protection in Europe, European Union Law, Innovation Law, Biotechnology Law, Law and Neuroscience, Environmental Law, Contemporary Issues in Health Law, Banking and Finance Law, Animal Law, Law and Crisis: The Use of Emergency Powers, International Environmental Law, Natural Resources Law, Advanced Torts, Family Law, Information Technology Law, Commercial Law, International Arbitration, International Criminal Law, Law in Context, Alternative Dispute Resolution, Criminal Law, Law and First Peoples of Australia, Law of Contract I, Constitutional Law, Law of Torts I, Law of Torts II, Corporation Law, Law of Contract II, Property Law I, Property Law II, Criminal and Civil Procedure, Evidence and Proof, Advanced Criminal Law, Criminal Process, Sentencing and Punishment, Conveyancing, Intellectual Property Law, Human Rights, Industrial Law, Local Government Law, Environmental Law, Medico-Legal Issues, Banking and Finance Law, Taxation Law, Natural Resources Law, Advanced Torts, Conflict of Laws, International Law, Family Law, Work Integrated Learning - Professional Skills Development, Overseas Study Experience, Special Studies.

## Master of International Business

<b>CRICOS</b>	093389D
<b>Duration</b>	2 years
<b>Commencement</b>	February, June
<b>2019 Annual Fee</b>	\$29,400
<b>2020 Annual Fee</b>	\$31,600

## Overview

This course will provide you with the key skills needed to be an effective manager in International business. The core units will provide students with the broad base you need for success in understanding business in a globalised economy. Key units include accounting, finance, economics, ethics, international business, management and strategic planning which underpin contemporary business operations in public, private and not-for-profit sectors.

Graduates will be equipped with a broad understanding of core business principles that can be applied in a range of contexts. Graduates will have the necessary background for careers as managers in a range of business contexts, including international business, economic development, finance or the public sector.

## Minimum Entry Requirements

Applicants must hold an Australian Qualifications Framework (AQF) Level 7 Bachelor degree or overseas equivalent.

Candidates must also meet the University's English Language Requirements for Admission.

## Course Outline

### Complete the following Core Units (72cps):

Introductory Accounting, Entrepreneurship, Managerial Finance, Security Analysis and Portfolio Management, International Business, Economics for Management, International Trade and Finance, International Political Economy, Benefit-Cost Analysis, Economics of Development, Strategic Planning and Management, Quantitative Techniques for Management.

### Complete 4 of the following Listed Units (24cps):

Business and Economic Analysis of Chains and Networks, Management Information Systems, Business Ethics, Processes of Management, Strategic Project Management.

OR

### Complete the following Units for the Research Pathway (24cps):

Research Methods (6cps)  
Major Research Project (18cps)

## Master of Economic and Regional Development

<b>CRICOS</b>	074877A
<b>Duration</b>	1.5-2 years
<b>Commencement</b>	February, June
<b>2019 Annual Fee</b>	\$28,000
<b>2020 Annual Fee</b>	\$30,096

## Overview

This course combines economic analysis with studies in specific community/regional development and will prepare students to work in the wider Asian region in either urban or rural contexts. Graduates will have holistic skills that will be beneficial in non-government and government organisations that are involved in community and regional development projects, including international organisations and aid agencies involved in project planning, management, impact and policy evaluation.

Career opportunities include positions as economists and policy analysts, researchers, community organisers, project officers and consultants. Students who choose the research component and achieve good results can proceed to a doctoral program and pursue an academic/research career.

## Minimum Entry Requirements

A candidate shall: (a) hold an AQF Level 7 bachelor degree in Economics or a related discipline from a recognised university; or (b) hold an AQF Level 7 bachelor degree in any field from a recognised university. Candidates must also meet the University's English Language Requirements for Admission.

## Course Outline

This Course has two distinct study plans based on the applicant's academic background.

### For students admitted under Rule (a) complete the following Core units (72cps):

Research Methods, Introductory Microeconomics, Introductory Macroeconomics, Intermediate Microeconomics or Intermediate Macroeconomics, Introductory Econometrics or Benefit-Cost Analysis, International Trade and Finance or Economics of Development, Environmental and Natural Resource Economics, Business Statistics.

### And complete one of the following pathways:

1) Capstone Project (12cps) plus (12cps) at 500-level chosen from either the General Program or relevant Major.

2) Research Project (18cps) Plus 6 credit points at 500-level chosen from either the General Program or relevant Major

\* In order to enrol in BUS581B, a candidate must achieve an overall Grade Point Average of 5 (Credit) in all coursework units.

3) Dissertation (24cps)

\* In order to enrol in BUS581C, a candidates must achieve an overall Grade Point Average of 5 (Credit) in all coursework units.

### Approved Majors or General Program

Candidates may complete ONE Major to the value of (24cps) OR the General Program to the value of (24cps).

#### *General Program*

**Complete 4 of the following Listed Units (24cps) with at least 6 credit points at 500-level from the following units:**

Agricultural and Natural Resource Extension, Organic Agriculture - Principles and Practice, Business and Economic Analysis of Chains and Networks, Contemporary Chinese Culture, The Elephant and the Dragon: India and China in the Asian Century, Microeconomic Policy Evaluation, Risk Management in Agribusiness, Price Analysis in Food and Fibre Markets, Introduction to Bioeconomics, Efficiency and Productivity Analysis, Aboriginal and Torres Strait Islander Education: Issues and Policies, Environmental Impact Assessment, Climate Change and Future Planning, Economic Change and Urban Development, Urban Living, Principles of Development Control, Population, Health and Environment, Planning Theory and Practice, Regional Development: Processes and Policies, Transport and Land Use Planning, Leadership in Healthcare, Developing and Implementing Policy in Healthcare, Legal Foundations of Management, Systems in Australian Healthcare, Financial Management in Healthcare, Epidemiological Evidence for Managerial Decision Making, Managing People in Healthcare, Planning Services for Health, Managing Quality, Risk and Cost in Health Care Services, Analysing Change in Indigenous Societies: Politics and Public Policy, Indigenous Business and Community Development, Indigenous Health, Indigenous Peoples and Colonisation: Land and Nature, Contemporary Indonesian Culture, Australia's Indigenous Languages, The Languages of Asia, Natural Resource Policy Risks, Natural Resources, Relationships and Agreements, Strategic Planning and Management, Strategic Project Management, Management of Change, Managing Across Cultures, Natural Resource Policy and the Community, Overseas Study Experience, Contemporary Challenges to Global Security, Paradise Lost? Governance in the Pacific, Australia's Relations with Asia, International Human Rights, Sex, Crime and Corruption, Women, Family and the State in Asia, Politics and the Environment: Intersecting Crises, Dragon in Chains? Contemporary Chinese Politics, Politics in the Developing World, Active Resistance: Contemporary Nonviolence, Environmental Security and Peaceful Futures, Resolution or Transformation of Conflict, Building Peace in Post-Conflict Situations, Post-Conflict Justice and Reconciliation Processes, Globalisation as if People and Ecosystems Matter, Refugees, Rights and Responsibilities across the Contemporary World, Analytics for Business Research, Chinese and Japanese Religion: A History, Buddhism: A History, Integrated Water Resource Management, Sustainable Land

Management, Global Societal Challenges, Work Integrated Learning - Professional Skills Development\*.

\*Work Integrated Learning - Professional Skills Development is only available to students who wish to undertake work experience within Australia.

### MAJORS

#### *Asian Studies*

**Complete 4 of the following Prescribed Units (24cps) with at least 6 credit points at 500-level from the following units:**

Contemporary Chinese Culture, The Elephant and the Dragon: India and China in the Asian Century, Contemporary Indonesian Culture, The Languages of Asia, Overseas Study Experience, Australia's Relations with Asia, International Human Rights, Sex, Crime and Corruption, Women, Family and the State in Asia, Dragon in Chains? Contemporary Chinese Politics, Politics in the Developing World, Chinese and Japanese Religion: A History, Buddhism: A History, Global Societal Challenges, Work Integrated Learning - Professional Skills Development.

\*Work Integrated Learning - Professional Skills Development is only available to students who wish to undertake work experience within Australia.

#### *Humanities and Community Development*

**Complete 4 of the following Prescribed Units (24cps) with at least 6 credit points at 500-level from the following units:**

Aboriginal and Torres Strait Islander Education: Issues and Policies, Leadership in Healthcare, Developing and Implementing Policy in Healthcare, Legal Foundations of Management, Systems in Australian Healthcare, Financial Management in Healthcare, Epidemiological Evidence for Managerial Decision Making, Managing People in Healthcare, Planning Services for Health, Managing Quality, Risk and Cost in Health Care Services, Analysing Change in Indigenous Societies: Politics and Public Policy, Indigenous Business and Community Development, Indigenous Health, Indigenous Peoples and Colonisation: Land and Nature, Australia's Indigenous Languages, Strategic Planning and Management, Strategic Project Management, Management of Change, Managing Across Cultures, Active Resistance: Contemporary Nonviolence, Environmental Security and Peaceful Futures, Resolution or Transformation of Conflict, Building Peace in Post-Conflict Situations, Post-Conflict Justice and Reconciliation Processes, Globalisation as if People and Ecosystems Matter, Refugees, Rights and Responsibilities across the Contemporary World, Work Integrated Learning - Professional Skills Development.

\*Work Integrated Learning - Professional Skills Development is only available to students who wish to undertake work experience within Australia.

### *Rural Development*

**Complete 4 of the following Prescribed Units (24cps) with at least 6 credit points at 500-level from the following units:**

Agricultural and Natural Resource Extension, Organic Agriculture - Principles and Practice, Business and Economic Analysis of Chains and Networks, Microeconomic Policy Evaluation, Risk Management in Agribusiness, Price Analysis in Food and Fibre Markets, Benefit-Cost Analysis, Introduction to Bioeconomics, Efficiency and Productivity Analysis, Environmental Impact Assessment, Regional Development: Processes and Policies, Natural Resource Policy Risks, Natural Resources, Relationships and Agreements, Natural Resource Policy and the Community, Integrated Water Resource Management, Sustainable Land Management, Global Societal Challenges, Work Integrated Learning - Professional Skills Development.

\*Work Integrated Learning - Professional Skills Development is only available to students who wish to undertake work experience within Australia.

### *Urban and Regional Development*

**Complete 4 of the following Prescribed Units (24cps) with at least 6 credit points at 500-level from the following units:**

Climate Change and Future Planning, Economic Change and Urban Development, Urban Living, Principles of Development Control, Population, Health and Environment, Planning Theory and Practice, Regional Development: Processes and Policies, Transport and Land Use Planning, Work Integrated Learning - Professional Skills Development.

\*Work Integrated Learning - Professional Skills Development is only available to students who wish to undertake work experience within Australia.

## **Master of Economics (Coursework)**

<b>CRICOS</b>	064590K
<b>Duration</b>	2 years
<b>Commencement</b>	February, June
<b>2019 Annual Fee</b>	\$28,000
<b>2020 Annual Fee</b>	\$30,096

## **Overview**

This course is an excellent means of obtaining advanced-level qualifications in the disciplines of Economics, Agricultural and Resource Economics, and Econometrics which are all areas of research and teaching strength at UNE.

Graduates of the Master of Economics will have skills that will provide career opportunities and advancements in government and non-government organisations that are involved in economic analysis, economic and social policy development, project

management and policy evaluation.

## **Minimum Entry Requirements**

A candidate shall hold an AQF Level 7 Bachelor qualification with a major in a non-relevant discipline.

## **Course Outline**

**Complete the following Core Units (48cps):**

Research Methods, Introductory Microeconomics, Introductory Macroeconomics, Quantitative Techniques for Management.

**Complete one the following options (24cps):**

1) Capstone Project (12cps), plus 12 credit points at 500-level chosen from either the General Program or relevant Major.  
or

2) Dissertation (24cps)

\* BUS581C is only available to students who have maintained an overall grade point average of 5 (Credit) throughout the coursework component of the course.

And

**complete 6 credit points from the following units:**

Food Security and Environmental Scarcity, Australian Economic Institutions and Performance, The International Economy.

**Complete the following Unit (24cps):**

Dissertation.

\* BUS581C is only available to students who have maintained an overall grade point average of 5 (Credit) throughout the coursework component of the course.

### *General Program (42cpt)*

**Complete 7 of the following Listed Units (42cps) with at least 6 credit points at 500-level from the following units:**

(Candidates completing BUS581A will need to complete 54 credit points with at least 18 credit points at 500-level from the following units.)

Business and Economic Analysis of Chains and Networks, Special Topic, Intermediate Microeconomics, Intermediate Macroeconomics, Contemporary Macroeconomic Issues, The Elephant and the Dragon: India and China in the Asian Century, Employment Relations, Introductory Econometrics, Banking and Finance, Advanced Microeconomics, Advanced Macroeconomics, International Trade and Finance, International Political Economy, Microeconomic Policy Evaluation, Environmental and Natural Re-

source Economics, Risk Management in Agribusiness, Price Analysis in Food and Fibre Markets, Econometric Analysis of Financial Markets, Benefit-Cost Analysis, Introduction to Bioeconomics, Applied Econometrics, Efficiency and Productivity Analysis, Economics of Development, Overseas Study Experience.

## MAJORS

### *Agricultural and Resource Economics*

#### **Complete the following Prescribed Unit (6cps):**

Environmental and Natural Resource Economics

#### **Complete 6 of the following Listed Units (36cps) with at least 6 credit points at 500-level from the following units:**

(Candidates completing BUS581A will need to complete 48 credit points with at least 18 credit points at 500-level from the following units.)

Business and Economic Analysis of Chains and Networks, Special Topic, Intermediate Microeconomics, Intermediate Macroeconomics, Farm and Resource Management, Introductory Econometrics, International Political Economy, Microeconomic Policy Evaluation, Risk Management in Agribusiness, Price Analysis in Food and Fibre Markets, Benefit-Cost Analysis, Introduction to Bioeconomics, Applied Econometrics, Efficiency and Productivity Analysis, Economics of Development, Overseas Study Experience.

### *Economics*

#### **Complete 7 of the following Listed Units (42cps) with at least 6 credit points at 500-level from the following units:**

(Candidates completing BUS581A will need to complete 54 credit points with at least 18 credit points at 500-level):

Business and Economic Analysis of Chains and Networks, Special Topic, Intermediate Microeconomics, Intermediate Macroeconomics, Contemporary Macroeconomic Issues, The Elephant and the Dragon: India and China in the Asian Century, Employment Relations, Introductory Econometrics, Banking and Finance, Advanced Microeconomics, Advanced Macroeconomics, International Trade and Finance, International Political Economy, Microeconomic Policy Evaluation, Environmental and Natural Resource Economics, Risk Management in Agribusiness, Price Analysis in Food and Fibre Markets, Econometric Analysis of Financial Markets, Benefit-Cost Analysis, Introduction to Bioeconomics, Applied Econometrics, Efficiency and Productivity Analysis, Economics of Development, Overseas Study Experience, Business Decision Making, Analytics for Business Research.

### *Economic Development*

#### **Complete the following Prescribed Units (12cps) from the following units:**

International Trade and Finance, Economics of Development.

#### **Complete 5 of the following Listed Units (30cps):**

(Candidates completing BUS581A will need to complete 42 credit points with at least 12 credit points at 500-level):

Business and Economic Analysis of Chains and Networks, Special Topic, Intermediate Microeconomics, Intermediate Macroeconomics, Contemporary Macroeconomic Issues, The Elephant and the Dragon: India and China in the Asian Century, Introductory Econometrics, Environmental and Natural Resource Economics, Price Analysis in Food and Fibre Markets, Benefit-Cost Analysis, Introduction to Bioeconomics, Applied Econometrics, Efficiency and Productivity Analysis, Overseas Study Experience.

### *Efficiency and Productivity Analysis*

#### **Complete the following Prescribed Unit (6cps):**

Efficiency and Productivity Analysis

#### **Complete 6 of the following Listed Units (36cps):**

(Candidates completing BUS581A will need to complete 48 credit points with at least 12 credit points at 500-level):

Business and Economic Analysis of Chains and Networks, Special Topic, Intermediate Microeconomics, Intermediate Macroeconomics, Introductory Econometrics, Microeconomic Policy Evaluation, Risk Management in Agribusiness, Econometric Analysis of Financial Markets, Benefit-Cost Analysis, Introduction to Bioeconomics, Applied Econometrics, Overseas Study Experience, Business Decision Making.

## Master of Professional Accounting

<b>CRICOS</b>	084073K
<b>Duration</b>	1.5 - 2 years
<b>Commencement</b>	February, June
<b>2019 Annual Fee</b>	\$28,000
<b>2020 Annual Fee</b>	\$30,096

## Overview

UNE's Master of Professional Accounting enables students to gain professional qualifications in the field of accounting. The course covers both introductory and advanced units in financial and management accounting, finance, tax and company law, and auditing. It is accredited by the Institute of Chartered Accountants in Australia, CPA Australia and the Institute of Public Accountants. On successful completion of the course, graduates can apply to these professional accounting bodies for Associate Membership and then pursue full professional status with the body of their choice.

## Minimum Entry Requirements

To study the course over 2 years, applicants must hold an Australian Qualifications Framework (AQF) Level 7 Bachelor degree or overseas equivalent in a discipline not related to accounting, business or finance.

To study the course over 1.5 years, applicants must hold an AQF Level 7 Bachelor degree or overseas equivalent in a discipline relevant to accounting, business, or finance.

Candidates must also meet the University's English Language Requirements for Admission.

### Course Outline - 2 Years

#### Complete the following Core Units (72cps):

Management Accounting, Introductory Accounting, Intermediate Financial Accounting, Management Information Systems, Accounting Theory and Research, Auditing, Managerial Finance, Economics for Management, Taxation Law, Quantitative Techniques for Management, Accounting Information Systems, Issues in Business and Corporations Law.

#### Complete 4 of the following Listed Units (24cps):

Financial Instruments and Markets, Financial Planning, Financial Statement Analysis, Issues in Management Accounting, Small Business Finance, Entrepreneurship, Security Analysis and Portfolio Management, Fraud Prevention and Investigation, Superannuation and Retirement, Business in Action, Management Information Systems, Commercial Law 1: Principles of Australian Law, Legal Studies, Law of Commercial Associations, Advanced Taxation Law, Strategic Planning and Management, Strategic Human Resource Management, Professional Ethics, Processes of Management, Work Integrated Learning - Professional Skills Development.

## Master of Laws (Research)

<b>CRICOS</b>	051776G
<b>Duration</b>	1 year
<b>Commencement</b>	February, June
<b>2019 Annual Fee</b>	\$26,250
<b>2020 Annual Fee</b>	\$28,216

## Overview

This course is designed for students who wish to extend their research skills on a legal topic of their choice. Candidates will be required to complete the Core Unit - Research Methodology and Theory, before completing a thesis of up to 35,000 words.

## Minimum Entry Requirements

Applicants for admission to candidature for the degree of Master of Laws by Research must: (a) hold an AQF Level 8 Bachelor Honours degree with at least second class honours or overseas equivalent or hold an AQF Level 9 Masters or AQF Level 10, in Law; or

(b) hold an AQF Level 7 or AQF Level 9 Masters in law leading to admission to legal practice or overseas equivalent AND the equivalent of at least two years full-time, documented, relevant, professional experience. Candidates must also meet the University's English Language Admission Requirements for Higher Degrees by Research.

### Course Outline

Complete the coursework unit - Research Methodology and Theory (6cps) and submit a thesis (48cps) of up to 35,000 words.

## Master of Philosophy

DEGREE	DURATION	CRICOS	2019 FEES
Master of Philosophy (Business)	2 Years	075533F	\$28,000
Master of Philosophy (Economics)	2 Years	075535D	\$28,000

## Overview

The Master of Philosophy is an advanced research degree undertaken by thesis only. This course is suited to candidates wishing to pursue a particular research topic in one of the available subject areas.

## Minimum Entry Requirements

To be eligible for admission applicants must: (a) hold an AQF Level 8 Bachelors Honours degree with at least second class honours or overseas equivalent in an appropriate field of study; or (b) hold an AQF Level 7 Bachelor degree or overseas equivalent and have adequate relevant preparation since graduation. Adequate relevant preparation may be gained by an approved academic course, professional training during an occupation or through peer reviewed publications; and (c) have completed and had approved by the relevant Committee a Master of Philosophy research proposal. Candidates must also meet the University's English Language Admission Requirements for Higher Degrees by Research.

### Course Outline

Research/Thesis Only

Students must complete a thesis without any coursework units (96cps).

# DOCTORATES

## Doctor of Philosophy (PhD)

PhD Research Topic Area	Duration	CRICOS	2019 Fee
Law, Accounting, Economics, Commerce	4 Years	049930J	\$29,400

### Overview

This course is the highest research degree for which a student can enrol. UNE offers PhD enrolment to those applicants who meet the demanding admission standards and who demonstrate the necessary commitment to undertake advanced research. Research topics cover all academic fields offered at UNE, and are a reflection of the comprehensive research interests of UNE's academic staff. Candidates must complete a thesis without any coursework units.

## Doctor of Philosophy (Innovation) PhD.I

Duration	CRICOS	2019 Fee
4 Years (only on campus for 1 year)	084916E	\$29,400

### Overview

This course is a unique, project-based, higher research degree. The PhD.I cuts across all schools and disciplines, linking professional and industry expertise with academic theory in creating innovation. It involves contextual research on a project that identifies one or more tangible or process-based innovations that have identifiable impacts when implemented.

This doctorate suits anyone wishing to carry out project-based research on an innovation within their field of expertise. It currently attracts candidates from Australia and internationally who want to research a chosen field of expertise and develop innovation through research.

To read more about UNE's current and completed PHDI research project visit [une.edu.au/research/hdr/doctor-philosophy-innovation-practice-professional#examples](http://une.edu.au/research/hdr/doctor-philosophy-innovation-practice-professional#examples).

### Commencement

Studying for the PhD.I is broken up into two parts, or phases. Students undertaking a PhD may commence at any time during the year subject to supervisor and resource availability.

## Applications

Applications for PhD candidature must include a completed International HDR Student and Scholarship Application Form and all supporting documentation as required by this form; evidence of research; a proposed program of research; and a research proposal.

For more information and to apply visit: [une.edu.au/research/hdr/how-to-apply-for-postgraduate-research-courses](http://une.edu.au/research/hdr/how-to-apply-for-postgraduate-research-courses)

## Scholarships

UNE has a range of scholarships available for specific projects and research areas; for information on current opportunities visit:

[une.edu.au/research/hdr/hdr-scholarships](http://une.edu.au/research/hdr/hdr-scholarships)

Any applicant for admission to PhD candidature must: (a) have an AQF Level 9 Master degree or overseas equivalent with at least a 25% research component undertaken at a sufficiently high standard; or (b) have an AQF Level 8 Bachelors Honours degree with at least second class honours; or (c) have an AQF Level 8 or 9 Bachelor degree and have adequate research preparation since graduation. Adequate preparation may be gained by an approved academic course, professional training during an occupation, or through peer reviewed publications; or (d) have previously undertaken work of sufficiently high standard towards a higher degree by research (AQF Level 9) but have not submitted it for any degree; and (e) have produced documented evidence of capacity to undertake work at the PhD level; and (f) have completed and had approved by the relevant Committee, a PhD research proposal.

# Admission and tuition

## Admission Steps

Admission to UNE involves a number of steps as set out below. These steps assist applicants through the various stages of the admission process. If applicants have any questions at any stage during the process they should contact UNE International for assistance.

### 01

All international students applying to study a coursework program at UNE must complete the online International Student Admission Application. Students can complete the application online at:

**[www.une.edu.au/study/international/applying](http://www.une.edu.au/study/international/applying)**

All International students applying to study a Higher Degree by Research, such as a PhD, must complete the International HDR Candidature Application Form. The form is available online at:

**<http://www.une.edu.au/research/research-services/hdr/how-to-apply-for-postgraduate-research-courses>**

Applicants who wish to apply through one of UNE's authorised agents can locate their nearest agent at:

**<http://www.une.edu.au/study/international/agents/our-agents>**

Applicants should ensure that they submit certified copies of transcripts of all relevant previous studies including proof of completion; photo page from passport or other birth record; and evidence of English language proficiency and any other documentation requested in the application.

If documents are in a language other than English, an officially certified English translation of each document must be provided together with certified copies of the original documents.

### 02

UNE will assess the completed application. If the application is academically successful, a conditional or unconditional Offer of Admission will be issued together with an International Offer Guide, which contains all information relevant to an applicant accepting their offer.

If the applicant is from a country deemed to be high risk from an immigration perspective, then they must undergo additional assessment to determine they meet Genuine Student (GS), Genuine Temporary Entrant

(GTE) and financial evidence requirements.

Their Offer of Admission will be conditional upon successfully completing the GTE assessment and they must complete an additional International Student Application for GTE and submit further documentation required by this form.

UNE will notify applicants if they have met the GTE condition or not. Applicants must not pay any tuition fees prior to receiving formal, written advice that they have successfully passed the GTE assessment.

The University will advise students in writing if their application is unsuccessful.

03

When UNE International receives the completed offer acceptance documents and the required tuition fees from students intending to study on campus, it will process the payment and issue the Confirmation of Enrolment (COE). The COE is the form required to apply for a student visa from an Australian Embassy, High Commission or the Department of Immigration and Border Protection (DIBP) as appropriate. Students must obtain a student visa before they come to study full-time in Australia.

Information on obtaining a student visa is available online at: **[www.homeaffairs.gov.au](http://www.homeaffairs.gov.au)**

04

Upon being granted their student visa, students should make travel arrangements including applying on-line for accommodation at: **[www.une.edu.au/campus-life/une-accommodation](http://www.une.edu.au/campus-life/une-accommodation)**

Students should advise UNE International of their travel arrangements and request airport or railway station reception as instructed in the International Offer Guide.

05

After arriving in Armidale, on-campus students should arrive and attend the International Student Orientation and Enrolment after which they will commence their formal course at UNE.

## Tuition Fees

Annual course fees only cover the cost of tuition. They do not include other expenses associated with university study such as books, accommodation and living expenses. For students successful in gaining admission to study at UNE, the Offer of Admission will list the exact tuition fees a student is required to pay to accept the offer. The Offer of Admission will also list other fees payable including compulsory Overseas Student Health Cover for on campus students.

## Tuition Protection Service (TPS)

The Tuition Protection Service (TPS) is an Australian Government initiative to assist international students whose education providers are unable to fully deliver their course of study. The aim of this protection is to ensure that students receive the tuition they have paid for or, as a last resort, a refund of unspent tuition fees.

The legislation sets out what happens when an education provider or an international student defaults (i.e., when a provider fails to start or finish providing a course to a student, or a student fails to start or finish a course with a provider). The TPS provides a flexible and streamlined approach to student placement and refund arrangements in the event a defaulting provider does not meet its refund obligations under the ESOS Act. Students will be given an active role in selecting a suitable placement options through an online information service. Where a student does not access a placement through the placement facility provided by the TPS Director, the student may be eligible for a refund of their unspent tuition fees from the TPS Director. Students will be eligible for a refund of the unused portion of any prepaid tuition fees (i.e. tuition for which you have paid but which has not yet been delivered) rather than a full refund, in recognition of the fact that you may obtain credit for the study already completed.

International students should be familiar with the UNE Refund of Tuition Fees Policy at **<http://www.une.edu.au/study/international/applying/admissions-information#refund>** of tuition fees policy. Further information about the TPS can be obtained from the Australian Government Department of Education and Training **<https://internationaleducation.gov.au/>**

## Refund of Tuition Fees

The University of New England's Refund of Tuition Fees Policy is based upon, and is in accordance with, the National Code of Practice for Registered Authorities and Providers of Education and Training to Overseas Students (the National Code), the Education Services for Overseas Students Act 2000 (ESOS Act 2000) and Education Services for Overseas Student Regulations 2001 (ESOS Regulations 2001). This policy applies to all International Students studying on-campus or by distance regardless of the person actually paying the fees. The policy is located at: **<http://www.une.edu.au/study/international/applying/admissions-information>**

# Health cover and visas

## Overseas Student Health Cover (OSHC)

International Students and their dependents are required to purchase private health insurance, Overseas Student Health Cover (OSHC) as a condition of their student visa. UNE currently has a Preferred Provider Agreement with Bupa Australia OSHC, to facilitate the provision of OSHC for International Students.

Bupa Australia OSHC pays the cost of most medical and hospital treatment students may require while studying in Australia. The current cost of Overseas Student Health Cover and further information about what is covered is available online at: **<http://www.bupa.com.au/health-insurance/cover/oshc>**

Cover for the student and all dependents for the entire length of the student visa must be arranged prior to the student visa being granted. Students should note that it is a condition of their student visa to maintain the currency of their OSHC for the duration of their visa.

## Obtaining a Student Visa

International Students intending to study full-time on-campus at UNE will need to obtain a student visa. The Department of Home Affairs website **[www.homeaffairs.gov.au](http://www.homeaffairs.gov.au)** has comprehensive information on applying for a student visa to study in Australia, including application forms. Please note that student visas granted to International Students for their study in Australia have conditions attached. These are outlined in detail on the DHA website and students' obligations are also outlined in the International Offer Guide issued with the Offer of Admission. Students should regularly check the DHA website for updated information and changes to legislation and processing arrangements affecting their intention to study in Australia on a student visa.

## Simplified Student Visa Framework (SSVF)

The Australian Government's SSVF is designed to make the process of applying for a Student visa simpler for genuine students. Under the SSVF, each education provider registered with the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) is allocated an immigration risk rating by the Department of Immigration and Border Protection. This risk rating is based on the immigration risk outcomes of the provider's international students over a twelve month period. Likewise, an immigration risk rating is allocated to each country. The combination of these two risk ratings is used to guide the level of financial capacity and English language proficiency and related documentation that students will need to provide with their Student visa application.

## ESOS Framework

International Students who are intending to study on-campus in Australia should be aware that Australia's laws promote quality education and consumer protection. These laws are known as the ESOS Framework and they include the Education Services for Overseas Students (ESOS) Act 2000 and the National Code.

For further information about the ESOS Framework, students should refer to the following Australian Government website: **<https://internationaleducation.gov.au/Regulatory-Information/Pages/Regulatoryinformation.aspx>**

# Campus life

---

## Campus Life

UNE is proud that students from more than 80 nations study on campus, creating a multicultural atmosphere. The campus is well equipped with first rate sporting facilities, shops, restaurant, cafe, medical centre, childcare, a post office and ATM facilities. In addition to excellent study facilities, UNE provides an environment that encourages the creation of lifelong friendships. Also, living costs in Armidale are comparatively lower than in metropolitan cities, and students can immerse themselves in the 'real' Australian academic experience.

## On Campus College Accommodation

UNE remains one of the few universities to provide the complete on-campus experience combining affordability, student support and social life. Our graduates consistently rate living at UNE as being 'an affordable lifestyle, priceless experience'. Our residential system gives you the benefit of academic, social and personal support networks and a rich tradition of vibrant inter-college competitions in sporting and cultural activities. UNE's residential accommodation consists of nine colleges, including seven traditional college residences, a village of self-contained units and the recently opened modern studio apartments at Wright College, complete with your own private kitchen and bathroom.

**Whatever your lifestyle choice and budget, UNE has an accommodation style to suit you.**

The weekly fee for college accommodation ranges from \$140 to \$470 depending on the college, your length of stay and catering options. For more information about fees for individual colleges, see <http://www.une.edu.au/campus-life/une-accommodation/fee-information/2016-comprehensive-contract-and-fee-details>

**Additional information on each college can be found on their websites:**

## Off Campus Accommodation

On campus college accommodation may not suit everyone. If you would prefer to live off-campus, most students studying at UNE choose to live in share houses or apartments. Shared housing is a great way to meet new friends and be a part of a learning and social environment off campus. In considering off-campus living you should take into account the terms of tenancy agreements including costs such as rental bonds (in Australia usually four weeks rent), furniture, power/electricity connection and ongoing costs, water and communications (phone, internet connections and ongoing costs) as well as transport arrangements to and from campus – expenses which are included in the on campus college accommodation costs.

When choosing to live off campus, you need to be aware that during the four to six weeks before trimester starts, there is a much higher demand for off campus housing and it may take longer to find suitable accommodation.

Properties for rent can be located through Armidale real estate agent listings at <http://www.realestate.com.au/rent/in-armidale%2c+nsw+2350/list-1>

## About Living Costs

Living costs in Australia sourced from:  
**[www.studyinaustralia.gov.au](http://www.studyinaustralia.gov.au)**

Migration regulations in Australia require international students to show evidence that they can afford the cost of living and studying in Australia. This helps to ensure students are better able to make the most of their studies and have a safe and enjoyable experience in Australia.

While international students may be able to supplement their income with money earned through part-time work in Australia, the 'living costs' requirement helps to support the success of students in their studies by ensuring that they don't have to rely on such work to meet all their expenses.

Prospective student visa applicants and their family members must have access to the following funds to meet living costs requirements:

- A\$19,830 a year for the main student;
- A\$6,940 a year for the student's partner;
- A\$2,970 a year for each child;

Students must demonstrate that the funds they are relying upon to meet the costs of studying in Australia will be genuinely available to them during their stay in Australia.

The figures above are indicative only and costs can vary significantly depending on your situation. You should be prepared in case your living costs are greater than the indicated figures.
