

UNE SMART Farms Facilities

The UNE SMART Farms are home to a range of precincts and facilities that may have specific risks or hazards associated with them. Please read the information available for the facility relevant to you. Please be aware of the location and availability of phones, fire extinguishers, first aid kits, emergency assembly points, parking areas and washing and toilet facilities as outlined for each Facility. For those supervising a group at the SMART Farms please ensure the group are made aware of this information also.

SMART Farm Innovation Centre

- Please ensure you book via the UNE room booking tool (<http://www.une.edu.au/current-students/my-course/managing-my-course/room-bookings>) for use of this facility
- Please park in designated parking areas
- The sealed path is for foot traffic only
- If the building is locked and you do not have swipe card access please call Safety and Security on 02 6773 2099
- The office area is for designated staff only

Kirby Woolshed and yards

- Prior permission for use of this area must be received from the Farm Director, Justin Bailey on 0408 409 142.
- Please be aware of the location of sheep in these facilities to ensure your own safety
- Please ensure any project or teaching work involving animals in this facility has the appropriate animal ethics approval
- Shearing gear is only to be operated by appropriately trained people
- Please be aware of uneven and slippery surfaces when working in this area

Newholme Field Laboratory

- Please ensure you book via the UNE room booking tool (<http://www.une.edu.au/current-students/my-course/managing-my-course/room-bookings>) for use of this facility and complete the relevant [User Form](#)
- Please ensure you bring a fully equipped first aid kit with you
- The old homestead, shearers quarters and farm outbuildings adjacent to the laboratory are not to be accessed at any time

Kirby Observatory

- Please contact Dr Stephen Bosi (stephen.bosi@une.edu.au) prior to accessing this facility
- If hosting a group at this facility please ensure the Farm Director, Justin Bailey is aware of this activity
- Please park in the designated parking area
- Snakes are common in this area so please be aware of their presence

Laureldale Agronomy precinct

- Please contact Dr Richard Flavel (rflavel3@une.edu.au) for use of this area for project work
- Please ensure you are appropriately dressed and prepared for work in the outdoors
- No machinery or equipment is to be used in this area without the appropriate training and permission from your supervisor

Clark's Farm

- Please contact Lu Hogan (lhogan22@une.edu.au; 0427 687 432) for access to or use of this area for visits, research or teaching
- Please ensure you are appropriately dressed and prepared for work in the outdoors
- If you are supervising a group at Clark's Farm please ensure they remain together in a group and are aware of the presence of livestock and areas of cultural heritage.

Tullimba Feedlot

- All users must report to the Farm Manager, Colin Crampton (0477 320 816) and sign in at the site office on arrival
- Permission to access any areas of the feedlot must be granted by the Farm Manager prior to accessing
- Feed milling, mixing and feeding out is to be undertaken by feedlot staff not visitors, researchers or students
- It is recommended that people working with cattle have been tested for Q-fever and have been vaccinated where appropriate
- The cattle handling SOP must be signed off prior to working with cattle in the yards
- Any cattle medications are to be administered by feedlot staff or appropriately trained researchers
- Do not sit on or climb through feedlot pen fences
- If you are supervising a group at Tullimba please ensure they remain as a group under your direct supervision at all times and that no one enters the feedlot pens or work areas

Centre for Animal Research and Teaching (CART) Precincts

A number of facilities on the SMART Farms are part of the CART Precinct and access to these facilities and further information on their use must be obtained from Cesar Jayashi, CART Operations and Training Manager on 0430 449 419 or cjayashi@une.edu.au
