Students who are applying from outside UNE should compute their WAMs based on 200 and 300 level Psychology units completed at their institution that match most closely with the UNE core units listed above.

**NOTE:** If you have completed a unit twice, use only the most recent result for the unit.

Please note that meeting the minimum WAM does not guarantee an offer of a place in Honours.

If your WAM is lower than 75, you do not meet the entry requirements in to the Psychology Fourth year programs. You will need to apply for the Graduate Diploma in Psychology to redo units and boost your marks.
